CHARACTERISTICS OF GEM

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Further information in this connection will be set out in the Prospectus Documents containing, among other things, details of the Rights Issue, to be despatched to the Qualifying Shareholders as soon as practicable. The Company will send copies of the Prospectus to the Excluded Shareholders for their information only, but will not send any PAL or EAF to them.

Any Rights Shares not applied for by the Qualifying Shareholders will be taken up by the Underwriter.

Investors with their Shares held by a nominee (or which are held in CCASS) should note that the Directors will regard the nominee (including HKSCC Nominees Limited) as a single Shareholder according to the register of members of the Company. Accordingly, investors whose Shares are registered in the name of a nominee (or which are held in CCASS) should note that the aforesaid arrangement in relation to the allocation of excess Rights Shares will not be extended to them individually. Beneficial owners with their Shares held by a nominee (or which are held in CCASS) are advised to consider whether they would like to arrange for the registration of the relevant Shares in their own names prior to the Record Date. Investors whose Shares are held by a nominee (or which are held in CCASS) and who would like to have their names registered on the register of members of the Company, must lodge all necessary documents with Tricor Standard Limited at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong, on or before 4:30 p.m. on Tuesday, 26 August 2014 (the register of members of the Company will be closed from Wednesday, 27 August 2014 to Tuesday, 2 September 2014, both dates inclusive).

L. The Underwriting Agreement

Date : 10 July 2014

Underwriter : Get Nice Securities Limited. As at the Latest Practicable Date, save as the Prime Pacific Convertible Note which was held by Prime Pacific (convertible into a maximum of 12,121,212 Shares representing approximately 4% of the issued share capital of the Company as at the Latest Practicable Date) and the interest in the Underwritten Shares resulting from the Underwriting Agreement, none of the Underwriter, its ultimate beneficial owner or its associates held any securities of the Company and none of them was an associate

LETTER FROM THE BOARD

of the directors, chief executive or substantial shareholder of the Company. To the best of the Director's knowledge, information and belief, having made all reasonable enquiries, the Underwriter, its ultimate beneficial owner and its associates are third parties independent of, and not connected with, the Company and its connected persons (as defined in the GEM Listing Rules).

- Number of Rights Shares : The Underwriter has agreed to underwrite underwritten by the Underwriter not less than 676,793,400 Rights Shares (assuming no issue of new Shares, no exercise of the Outstanding Options and the Existing Convertible Notes and no repurchase of Shares on or before the Record Date) and not more than 954,707,034 Rights Shares (assuming no repurchase of Shares and the subscription or conversion rights attaching to the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date).
- Underwriting Commission : 2.50% of the aggregate Subscription Price in respect of the number of the Underwritten Shares on the Record Date

Pursuant to the terms of the Underwriting Agreement, the Underwriter has undertaken to the Company that it will take all such steps as shall be appropriate to ensure that the Company can comply with the public float requirements under Rule 11.23 of the GEM Listing Rules. The Underwriter shall use its reasonable endeavours to ensure that each of the sub-underwriters and their placees (and their respective ultimate beneficial owners) is independent of and not connected with the Company and its connected persons and is not a party acting in concert with each other and that no sub-underwriter will become substantial shareholder of the Company in any event immediately after completion of the Rights Issue.

LETTER FROM THE BOARD

According to the Underwriter, it shall monitor from time to time and shall use its best endeavours to ensure that no sub-underwriter(s) will become substantial shareholder(s) of the Company in any event immediately after the Rights Issue. As such, in the event that no Qualifying Shareholder (other than Dr. Cheung, Mr. Cheung and Biochem Investments) takes up the Rights Shares, there will be no circumstances where:

- (a) the number of Untaken Shares will result in the shareholding of the Underwriter and parties acting in concert with it in the Company exceeding 19.9% of the voting rights of the Company upon completion of the Rights Issue; and the Company being unable to comply with its obligations under the GEM Listing Rules to maintain the public float of the Company; and
- (b) the number of Untaken Shares procured/subscribed by the sub-underwriters would (i) create an obligation to make a mandatory general offer under the Takeovers Code; or (ii) cause the sub-underwriter(s) to become substantial shareholders of the Company under the GEM Listing Rules as a result of such subscription.

The Board considers that the terms of the Underwriting Agreement including the commission rate accord with the market practice and are fair and reasonable so far as the Company and the Shareholders are concerned.

M. Termination of the Underwriting Agreement

If prior to the Latest Time for Termination (provided that if the date of the Latest Time for Termination shall be a day on which a tropical cyclone warning signal no. 8 or above or a black rainstorm warning signal is or remains hoisted in Hong Kong between 9:00 a.m. and 4:00 p.m. on that day, the date of the Latest Time for Termination shall be the next business day on which no tropical cyclone warning signal no. 8 or above or no black rainstorm warning signal is or remains hoisted in Hong Kong between 9:00 a.m. and 4:00 p.m. on that day):

- (a) in the absolute opinion of the Underwriter, the success of the Rights Issue would be materially and adversely affected by:
 - (i) the introduction of any new regulation or any change in existing law or regulation (or the judicial interpretation thereof) or other occurrence of any nature whatsoever which may in the absolute opinion of the Underwriter materially and adversely affect the business or the financial or trading position or prospects of the Group as a whole; or

LETTER FROM THE BOARD

 - (iii) any material adverse change in the business or in the financial or trading position or prospects of the Group as a whole; or
 - (iv) any act of God, war, riot, public disorder, civil commotion, fire, flood, explosion, epidemic, terrorism, strike or lock-out which would, in the absolute opinion of the Underwriter materially and adversely affect the business or the financial or trading position or prospects of the Group as a whole; or
 - (v) there occurs or comes into effect the imposition of any moratorium, suspension or material restriction on trading in the Shares generally on the Stock Exchange due to exceptional financial circumstances or otherwise; or
 - (vi) the commencement or taking by any third party of any litigation or claim or other action against any member of the Group which is or might be material to the Group taken as a whole; or
- (b) any material adverse change in market conditions (including, without limitation, a change in fiscal or monetary policy or foreign exchange or currency markets, suspension or restriction of trading in securities, imposition of economic sanctions, on Hong Kong or other jurisdiction relevant to the Group or any member of the Group and a change in currency conditions for the purpose of this Clause includes a change in the system under which the value of the Hong Kong currency is pegged with that of the currency of the United States of America) occurs which in the absolute opinion of the Underwriter makes it inexpedient or inadvisable to proceed with the Rights Issue; or

LETTER FROM THE BOARD

- (c) the Prospectus when published contain information (either as to business prospects or the condition of the Group or as to its compliance with any laws or the GEM Listing Rules or any applicable regulations) which in the absolute opinion of the Underwriter is material to the Group as a whole and is likely to affect materially and adversely the success of the Rights Issue or might cause a prudent investor not to accept the Rights Shares provisionally allotted to it;

the Underwriter shall be entitled by notice in writing to the Company, served prior to the Latest Time for Termination, to terminate the Underwriting Agreement. Upon giving of such notice, all obligations of the Underwriter under the Underwriting Agreement shall cease and determine and the Company shall, save for reasonable legal fees and other reasonable out-of-pocket expenses of the Underwriter, not be liable to pay to the Underwriter any fees under the Underwriting Agreement. Rescission or termination of the Underwriting Agreement shall be without prejudice to any rights of any party in respect of any breach by the other prior to such rescission or termination of the Underwriting Agreement. If the Underwriter exercises such right, the Rights Issue will not proceed.

N. Reasons for the Rights Issue and use of proceeds of the Rights Issue

The Group is principally engaged in the provision of beauty and slimming services from slimming centres, distribution sales of cosmetic and skin care products and sales of other health and beauty products.

The estimated gross proceeds of the Rights Issue will be not less than approximately HK\$89.39 million (assuming no issue of new Shares, no exercise of the Outstanding Options and the Existing Convertible Notes and no repurchase of Shares on or before the Record Date) but not more than approximately HK\$117.18 million (assuming no repurchase of Shares and the subscription or conversion rights attaching to the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date).

The estimated net proceeds of the Rights Issue will be between approximately HK\$84.39 million (equivalent to net price of approximately HK\$0.094 per Rights Share) (assuming no issue of new Shares, no exercise of the Outstanding Options and the Existing Convertible Notes and no repurchase of Shares on or before the Record Date) and HK\$111.68 million (equivalent to net price of approximately HK\$0.095 per Rights Share) (assuming no repurchase of Shares and the subscription or conversion rights attaching to the

LETTER FROM THE BOARD

Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date). The Company intends to apply such net proceeds from the Rights Issue (i) as to approximately HK\$50.00 million for the general working capital of the Group; (ii) as to approximately HK\$3.00 million for the development of e-commerce; and (iii) as to approximately HK\$15.00 million for the marketing and promotion of the Group. The balance of the net proceeds of approximately HK\$16.39 million is for the opportunistic investment by the Group in other businesses, although as at the Latest Practicable Date no suitable targets have been identified.

In the event that any Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised on or before the Record Date resulting in an increase in the net proceeds from the Rights Issue, our intended uses of net proceeds set out above will be increased on a pro-rata basis.

As reflected in the annual report of the Company for the year ended 31 March 2014, for the two financial years ended 31 March 2014 and 31 March 2013, the Group's existing operating activities were not able to generate positive cashflow, and the Group's cashflow was mostly supported by financing activities. Besides, the Group had cash and cash equivalents (excluding the balances of approximately HK\$48 million which has been maintained by Shanghai Dong Fang Ri Hua Sales Co. Ltd., an non-wholly owned subsidiary of the Company, and to be solely utilised for its business operation of the distribution of P&G products in the PRC market) of approximately HK\$51.6 million as at 31 March 2014 and such balances were subsequently reduced to approximately HK\$14.6 million as at the Latest Practicable Date. Although the proceeds from the placing of Shares in March 2014 has not been fully utilised and had a balance of approximately HK\$3.4 million as at the Latest Practicable Date, such remaining proceeds is expected to be fully utilised on or before mid of September 2014 for its intended purpose and thus the same will no longer be available on the expected date of completion of the Rights Issue which is currently scheduled to take place by the end of September 2014.

With the net proceeds from the Rights Issue of not less than HK\$84.39 million, it will enable the Group to put more resources into marketing and promotion of the Group, development of e-commerce and exploring other investment opportunities. In view of the above positive financial effects on the Group, the Board believes that the Rights Issue will enable the Group to strengthen its capital base and enhance its financial position to prepare for its business development. Moreover, the Rights Issue will allow the Qualifying Shareholders to maintain their respective pro-rata shareholding interests in the Company and continue to participate in the future development of the Company should they wish to, the Board considers raising capital through the Rights Issue is in the interest of the Company and the Shareholders as a whole.

LETTER FROM THE BOARD

O. Closure of register of members

It is emphasised that none of the Company, its Directors or any other parties involved in the Rights Issue accepts responsibility for any tax effects on or liabilities of holders of the Rights Shares resulting from the subscription, purchase, holding or disposal of, or dealing in the Rights Shares in both their nil-paid and fully-paid forms.

Q. Warning of the Risks of dealing in Shares and Rights Shares

The Shares will be dealt in on an ex-rights basis on the Stock Exchange from Monday, 25 August 2014. The Rights Shares will be dealt with in their nil-paid form on the Stock Exchange from Friday, 5 September 2014 to Monday, 15 September 2014, both days inclusive. Any Shareholder or other person dealing in the Shares prior to the date on which all conditions to which the Rights Issue is subject are fulfilled or waived (as applicable), and/or dealing in the Rights Shares in their nil-paid form during the period as aforesaid, will accordingly bear the risk that the Rights Issue may not become unconditional or may not proceed. Any Shareholder or other person contemplating selling or purchasing existing Shares and/or nil-paid Rights Shares who is in doubt about his or her position is recommended to consult his or her own professional adviser.

7. RISK FACTORS

In compliance with the GEM Listing Rules, the Company sets out below the risk factors of the Group for the Shareholders' attention. The Directors believe that there are certain risks involved in the operations of the Group which includes, but does not limit to, the following:

Risks relating to the Group's normal course of business

Exposure to credit, liquidity, interest rate and foreign currency risks arises in the normal course of the Group's business.

Risks relating to health and beauty product sales

The health and beauty product market is highly fragmented. The customers are tempted to shift their choices and preferences whenever there are new products launched or induced by various marketing and pricing campaigns of different brands. The Group's business may be adversely affected by such operating environment.

In addition, the Group may be subject to product liability claim arising from the use of its products. A successful product liability claim brought against the Group or a requirement to participate in any product recall may have a material adverse effect on the Group's businesses and financial results. The Group's reputation may also be adversely affected if any such claims are made.

Risks relating to competition

The health and beauty business is under rigorous competition throughout the world. Increased competition could result in price reduction, reduced profit margins and loss of market share, any of which could adversely affect the Group's operating results.

Risks relating to the global market

Although the Group's business is principally based in Hong Kong and the PRC, their economic conditions are susceptible to global market fluctuations. If the current market slowdown becomes more severe, long lasting and broader than currently estimated, the business operations of the Group may be materially and adversely affected.

LETTER FROM THE BOARD

Risks relating to the Group's reliance on major suppliers

For the years ended 31 March 2012, 2013 and 2014, purchases by the Group from the top five suppliers amounted to approximately 97.21%, 97.16% and 97.16% of the Group's costs of sales respectively, and purchases by the Group from the largest supplier included therein amounted to approximately 94.34%, 92.57% and 93.56% respectively. In the event that the Company is unable to secure further purchases from any of these suppliers and the Company cannot find comparable substitutes, the Group's operations may be adversely affected.

Risks relating to health epidemics

The Group's business operations, similar to all other consumer businesses in Hong Kong and the PRC, are to a large extent subject to the general economic conditions, the level of domestic consumption and aggregate spending in Hong Kong and the PRC. The outbreak of human swine flu in 2009 and the severe acute respiratory syndrome in 2003 caused tremendous economic loss to the affected regions and the surrounding areas.

The recurrence of any of these epidemics or the outbreak of another severe communicable disease in Hong Kong or the PRC could result in a slowdown of the economy and disruptions to the Group's business operations and financial conditions.

8. GENERAL AND GEM LISTING RULES IMPLICATIONS

The Group is principally engaged in the provision of beauty and slimming services from slimming centres, distribution sales of cosmetic and skin care products and sales of other health and beauty products.

As the Rights Issue will increase the issued share capital of the Company or the market capitalisation by more than 50%, pursuant to Rule 10.29(1) of the GEM Listing Rules, the Rights Issue must be made conditional on approval by the Independent Shareholders at the EGM, where the controlling Shareholders, or in the case that the Company has no controlling Shareholder, the Directors (excluding the independent non-executive Directors), the chief executive of the Company and their respective associates are required to abstain from voting in favour of the Rights Issue. Source: Annual reports of the Company for two years ended 31 March 2014 and 2013.

(i) For the year ended 31 March 2014

The Group recorded turnover of approximately HK\$1,362.9 million for the year ended 31 March 2014, represented a significant increase in turnover of approximately 19.4% from approximately HK\$1,141.7 million in the prior financial year. The increase was mainly attributable to the continuous remarkable growth in the distribution sales of cosmetic and skincare products in the PRC market, increased by approximately 23.1% to approximately HK\$1,241.8 million for the year ended 31 March 2014 as compared to approximately HK\$1,008.8 million for the year ended 31 March 2013, as resulted from the increasing disposable income in PRC thereby leading to increase in the spending on high-end products. The moderate growth of approximately 3.3% in gross profit from approximately HK\$167.6 million in the prior financial year to approximately HK\$173.2 million for the year ended 31 March 2014, with a slight decline in gross profit margin from approximately 14.7% in the prior financial year to approximately 12.7% for the year ended 31 March 2014, resulting from the increase in the direct labour costs thereby leading to higher sales costs. Notwithstanding the said increasing in turnover for the year ended 31 March 2014, the net profit attributable to the Shareholders were declined to approximately HK\$3.2 million for the year ended 31 March 2014, represented by a substantial drop of approximately 48.4% from approximately HK\$6.2 million in the prior financial year. As advised by the management of the Company, the decline was mainly attributable to (a) the receding

LETTER FROM FULBRIGHT CAPITAL

performance of the beauty and slimming segment under a shift of business focus to distribution of high-end products and services with a lower margin but more rosy prospect; (b) the sharp increase in staff costs and rental expenses thereby leading to higher administrative expenses; (c) the rises of the bank borrowings and convertible bonds resulting in higher finance costs; and (d) the deterioration of the financial performance of the joint ventures resulting in the recognition of losses arising from the share of results from the joint ventures for the year ended 31 March 2014. Furthermore, the Company has not declared any dividend for the recent financial years.

As for the assets and liabilities position of the Group, the net assets attributable to the Shareholders as at 31 March 2014 was approximately HK\$153.4 million, representing a further increase in the net assets position since the financial year of 2012 illustrated in Table I and an increase of approximately 22.2% as compared with the net assets attributable to the Shareholders as at 31 March 2013 of approximately HK\$125.5 million. Such increase was primarily attributable to the combined effects of (a) the significant increase in total assets of approximately HK\$78.1 million mainly resulted from the increase in cash and cash equivalents and trade receivables; exceeds (b) the increase in total liabilities of approximately HK\$49.6 million mainly resulted from the increase in bank loans and convertible notes between the said dates under review.

(ii) For the year ended 31 March 2013

As depicted by the above table, the Group recorded turnover of approximately HK\$1,141.7 million for the year ended 31 March 2013, representing an increase of approximately 9.8% as compared to the prior financial year. The increase in turnover was mainly attributable to the remarkable growth in the distribution sale of cosmetic and skincare products in the PRC market with its turnover increased from approximately HK\$870.0 million for the year ended 31 March 2012 to approximately HK\$1,008.8 million for the year ended 31 March 2013, representing an increase of approximately 16.0%. However, gross profit dropped slightly from approximately HK\$178.2 million for the year ended 31 March 2012 to approximately HK\$167.6 million for the year ended 31

LETTER FROM FULBRIGHT CAPITAL

March 2013, whilst net profit attributable to the Shareholders decreased substantially to approximately HK\$6.2 million for the year ended 31 March 2013 as compared to approximately HK\$24.1 million for the year ended 31 March 2012. As advised by the management of the Company, the decline in gross profit and net profit attributable to the Shareholders was primarily due to a transient shrink of the beauty and slimming industry in Hong Kong market under the challenging market conditions, and the increased investment for the opening of a new flagship in Shanghai.

Table II — Selected financial information on consolidated cash flow statement of the Group for three years ended 31 March 2014, 2013 and 2012

Consolidated cashflow statement

	For the year ended 31 March		
	2014	2013	2012
	<i>HK\$ million</i> (audited)	<i>HK\$ million</i> (audited)	<i>HK\$ million</i> (audited)
Net cash (used in)/generated from operating activities	(27.8)	(33.4)	33.0
Net cash used in investing activities	(13.0)	(20.9)	(5.7)
Net cash generated from financing activities	66.0	17.4	4.9
Increase/(decrease) in cash and cash equivalent	25.2	(36.9)	32.2
Cash and cash equivalents	99.6	73.5	110.0

As illustrated in Table II above, cash and cash equivalents of the Group as at 31 March 2014 is amounted to approximately HK\$99.6 million, representing a moderate increase of approximately HK\$26.1 million as compared to approximately HK\$73.5 million as at 31 March 2013. The increase was primarily attributable to the proceeds from new bank loans and issue of convertible notes resulting in the increase of net cash generated from financing activities from approximately HK\$17.4 million for the year ended 31 March 2013 to approximately HK\$66.0 million for the year ended 31 March 2014. In light of the current cashflow position, the Group's cashflow has been mostly supported by financing activities and indicated its need of cash inflow to support the operating activities and investing activities, and the increase of proceeds from financing

LETTER FROM FULBRIGHT CAPITAL

activities thereby leading to net increase in cash and cash equivalent of approximately HK\$25.2 million for the year ended 31 March 2014, as compared to the net decrease in cash and cash equivalent of approximately HK\$36.9 million for the year ended 31 March 2013.

As advised by the management of the Company, cash and cash equivalents of the Group as at 31 March 2014 is amounted to approximately HK\$99.6 million, of which the majority of cash and cash equivalents balances of approximately HK\$48.1 million were held by Shanghai Dong Fang Ri Hua Sales Co. Ltd (“**Dong Fang**”), being a non-wholly owned subsidiary of the Group, which is engaged in the distribution of P&G’s personal care, cosmetics and skincare products in the PRC. As advised by the management of the Company, we were given the understanding that such balance of cash and cash equivalent has been maintained and to be utilised solely for its business operation of the distribution of P&G products in the PRC. As further advised by the management of the Company, cash and cash equivalents of the Group as at 31 March 2014 of approximately HK\$99.6 million included approximately HK\$21.8 million arising from the net proceeds of the placing of existing Shares and the subscription of new Shares which has been completed by the end of March 2014, among which, approximately HK\$18.4 million has been utilized for the general working capital of the Group during the period from 1 April 2014 to the Latest Practicable Date and the remaining proceeds of approximately HK\$3.4 million is expected to be fully utilised on or before mid of September 2014 for its intended purpose and thus the same will be no longer be available on the expected date of completion of the Rights Issue which is currently scheduled to take place by the end of September 2014. As further advised by the management of the Company, the cash and cash equivalents of the Group (excluding the balances that held by Dong Fang) have subsequently reduced to approximately HK\$14.6 million as at the Latest Practicable Date.

The Group’s cash and cash equivalents decreased from approximately HK\$110.0 million as at 31 March 2012 to approximately HK\$73.5 million as at 31 March 2013. Such decrease was mainly due to the decrease in net cash generated from operating and investing activities for the year ended 31 March 2013.

LETTER FROM FULBRIGHT CAPITAL

Reasons for the Rights Issue and the use of proceeds

As referred to in the Letter from the Board, with the net proceeds from the Rights Issue of not less than HK\$84.39 million, it will enable the Group to put more resources into marketing and promotion of the Group, development of e-commerce and exploring other investment opportunities which will potentially result in positive financial effects on the Group, the Directors believe that the Rights Issue will enable the Group to strengthen its capital base and enhance its financial position to prepare for its business development. Moreover, the Rights Issue will allow the Qualifying Shareholders to maintain their respective pro-rata shareholding interests in the Company and continue to participate in the future development of the Company should they wish to, the Directors consider raising capital through the Rights Issue is in the interest of the Company and the Shareholders as a whole.

With reference to the Letter from the Board, the estimated net proceeds of the Rights Issue will be between approximately HK\$84.39 million (equivalent to net price of approximately HK\$0.094 per Rights Share) (assuming no issue of new Shares, no exercise of the Outstanding Options and the Existing Convertible Notes and no repurchase of Shares on or before the Record Date) and HK\$111.68 million (equivalent to net price of approximately HK\$0.095 per Rights Share) (assuming no repurchase of Shares and the subscription or conversion rights attaching to the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date). The Company intends to apply such net proceeds from the Rights Issue (i) as to approximately HK\$50.00 million for the general working capital of the Group; (ii) as to approximately HK\$3.00 million for the development of e-commerce; and (iii) as to approximately HK\$15.00 million for the marketing and promotion of the Group. The balance of the net proceeds of approximately HK\$16.39 million is for the opportunistic investment by the Group in other businesses, although as the Latest Practicable Date no suitable targets have been identified. In the event that any Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised on or before the Record Date resulting in an increase in the net proceeds from the Rights Issue, the Company's intended uses of net proceeds set out above will be increased on a pro-rata basis.

Per our discussion with the management of the Company, we were given the understanding that the Company has its funding needs for its general working capital primarily due to (i) the Group's cashflow has been mostly supported by financing activities and unable to generate material positive cash flows from its existing operating activities for the two financial years ended 31 March 2014 as discussed in

LETTER FROM FULBRIGHT CAPITAL

the paragraph headed “Financial information of the Group” above; and (ii) the Group has a cash and cash equivalents (excluding the balances which has been maintained by Dong Fang and to be solely utilized for its business operation of the distribution of P&G products in the PRC market) of approximately HK\$51.6 million as at 31 March 2014 and such balances have subsequently reduced to approximately HK\$14.6 million as at the Latest Practicable Date.

As further advised by the management of the Company, in view of the rapid growing population of internet users in China and the emergence of the country as the world’s second-largest e-tail market, they are of the view that e-commerce is the inevitable direction of development for its business. In order to capture the potential opportunities arising from the migration from the traditional operating model to the new digital age in the beauty and slimming business, the Group will continue to invest in the enhancement of its online business platform, implement the digitalised management system and promote online marketing of the Group’s brand image for the year ahead. Hence, the Group intends to apply partial of the net proceeds arising from the Rights Issue for the development of e-commerce and marketing and promotion of the Group.

On the other hand, we have enquired with the Company and were advised by the management of the Company that, apart from the Rights Issue, the management of the Company have also considered alternative fund raising alternatives, including the possibility of the debt financing and the equity financing. Nonetheless, we were advised by the management of the Company that (a) debt financing or raising of bank loan would result in additional interest burden and finance cost to the Group, given that the Group has recorded an increase in finance costs for the last three financial years ended 31 March 2014, from approximately HK\$2.0 million for the year ended 31 March 2012 to approximately HK\$3.8 million for the year ended 31 March 2014. Given that the Group recorded continuous drop in net profit attributable to the Shareholders for the recent three financial years ended 31 March 2014 and the deficiency of any available collaterals, the management of the Company advised that additional loans at favorable terms from financial institutions are not readily available and pledges of fixed assets or properties and/or guarantees may also be required for loans offered by financial institutions; and (b) equity financing such as (i) placing of new shares would only available to certain placees who are not necessarily the existing Shareholders to participate in the capital fund raising exercise and would result in dilution of the shareholding of the existing Shareholders; and (ii) issue of convertible bonds would substantially dilute the shareholding of the existing Shareholders if it is converted in full, and will also incur interest burden and require to assess the fair value changes after the initial recognition which may

LETTER FROM FULBRIGHT CAPITAL

impact the financial performance to the Group. The management of the Company further advised that they have not identified any suitable prospective investors as at the Latest Practicable Date given the current size of the Company, the existing financial performance and prevailing market conditions.

Having taken into account that (a) the Group has recorded continuous decline in the net profit attributable to the Shareholders for the recent three financial years ended 31 March 2014 despite the growth in its turnover and has been unable to generate material positive cash flows from its existing operating activities for the latest two financial years ended 31 March 2014; (b) the Company has not declared any dividend for the recent financial years, which may hinder the potential investors to invest in the Shares; (c) the Group had cash and cash equivalents (excluding the balances which held by Dong Fang) of approximately HK\$14.6 million as at the Latest Practicable Date and the Group had total borrowings of approximately HK\$108.7 million as at 30 June 2014 as disclosed in Appendix I to this circular; (d) the Company has various funding needs for its general working capital and business development as discussed above; and (e) the Rights Issue (i) offers all Qualifying Shareholders an equal opportunity to participate in the enlargement of the capital base of the Company to maintain their proportionate interests in the Company; (ii) allows the Qualifying Shareholders who decide not to take up their assured entitlements under the Rights Issue to sell the nil-paid Rights Shares in the market for economic benefits; (iii) enables the Group to raise funds without further increasing its debt liability and further worsen its interest burdens; and (iv) allows the Company to strengthen its capital base and liquidity so as to reduce its gearing ratio, we concur with the Director's view that the Rights Issue is the most appropriate means to raise fund and is beneficial to the Independent Shareholders as a whole.

LETTER FROM FULBRIGHT CAPITAL

Save as disclosed below, the Company has not conducted any other fund raising exercise in the past 12 months immediately prior to the date of the Announcement:

Date of announcement	Fund raising activity	Net proceeds (approximately)	Intended use of proceeds	Actual use of proceeds
14 March 2014	Placing of Shares and subscription of new Shares under general mandate	HK\$21.8 million	For general working capital for the Group	Approximately HK\$18.4 million has been utilised as at the Latest Practicable Date for general working capital for the Group and the remaining balance will be utilised as intended
7 November 2013	Placing of convertible notes	HK\$29.0 million	For the expansion of the Group's beauty, slimming and spa business and product distribution business in the PRC and as general working capital	Fully utilised as intended as at the Latest Practicable Date

attaching to the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date) to the Qualifying Shareholders at the Subscription Price of HK\$0.01 per Rights Share on the basis of three (3) Rights Shares for every one (1) Share in issue on the Record Date.

Each Qualifying Shareholder is entitled to subscribe for the Rights Shares at the same price in proportion to his/her/its shareholding in the Company held on the Record Date. The Directors (excluding the independent non-executive Directors) considers the Subscription Price to be fair and reasonable and in the interests of the Company and the Shareholders as a whole.

LETTER FROM FULBRIGHT CAPITAL

In accessing the fairness and reasonableness of the Subscription Price, we set out the following analysis for illustrative purpose:

(i) *Historical Share price performance*

The chart below shows the daily closing price of the Share as quoted on the Stock Exchange versus the Subscription Price for the period commencing from 11 July 2013, being the 12-month period prior to the Last Trading Day, and up to and including the Latest Practicable Date (the “**Review Period**”):

As illustrated from Table III above, the average daily trading volume of the Shares per month had been thin during the Review Period. Save for December 2013 and March 2014, the volume of Shares traded during the entire Review Period was below 1% of the total number of outstanding Shares at the end of each respective month during the Review Period.

Since the Shares were generally illiquid in the open market, we concur with the Directors that it would be difficult to attract the Qualifying Shareholders to reinvest in the Company through the Rights Issue if the Subscription Price

LETTER FROM FULBRIGHT CAPITAL

was not set at a relatively substantial discount to the historical closing prices of the Shares. In addition, we noted that it is common for the listed issuers in Hong Kong to issue rights shares at a discount to the prevailing market price in order to enhance the attractiveness of a rights issue exercise as discussed in the paragraph headed “Comparison with the recent rights issue exercises” below. Hence, we are of the view that the Subscription Price being set at a level lower than the prevailing market prices of the Shares is in line with normal market practice and is justifiable.

(iii) Comparison with the recent rights issue exercises

To further assess the fairness and reasonableness of the Subscription Price, we have reviewed the rights issues exercises conducted by the companies listed on the Main Board and GEM of the Stock Exchange for the six months period preceding the Last Trading Day (i.e. from 11 January 2014 to 10 July 2014) for comparison purposes. We have, to our best effort, identified and made references to, so far as we are aware, 17 companies (the “**Comparables**”) which meet the aforesaid criteria, and they are exhaustive.

We consider that the Comparables are fair and representative samples to demonstrate the recent market practice with regards to rights issue exercises as they were carried out under prevailing stock market conditions and sentiments and thus could provide a general reference for the terms of the Rights Issue. Nevertheless, the Independent Shareholders should note that the Comparables are not directly comparable to the Company in terms of principal business, operations and financial position, and that the terms of the rights issue exercises was made reference to the arm’s length commercial negotiation between the companies and the underwriters, the share price performance, financial positions of the companies and the then prevailing market condition. Summarised below is our relevant findings in relation to the Comparables:

LETTER FROM FULBRIGHT CAPITAL

Notes:

1. No underwriting commission was disclosed in the announcement.
2. The underwriter(s) is/are connected person(s) with the Comparables and no underwriting commission was charged to such underwriters.

As depicted in the table above, the subscription prices of the Comparables ranged from a discount of approximately 80.39% to 0.00% to the respective closing prices of their shares on the last trading days prior to the release of the rights issue announcement (the “**LTD Market Range**”), with an average discount of approximately 42.21%. The discount of the Subscription Price to the closing price of the Shares on the Last Trading Day is approximately 77.27%, which falls within the LTD Market Range and represents a deeper discount than the average discount of the LTD Market Range.

In addition, the subscription prices of the Comparables ranged from a discount of approximately 58.53% to a premium of approximately 13.60% to the respective theoretical ex-rights prices of their shares on the last trading days prior to the release of the rights issue announcement (the “**TERP Market Range**”), with an average discount of approximately 24.64%. The discount of the Subscription Price to the theoretical ex-rights prices of the Shares on the Last Trading Day is approximately 45.95%, which falls within the TERP Market Range and represents a deeper discount than the average discount of the TERP Market Range.

Having considered that (i) the financial position of the Group (in particular, the Group’s continuous decline in the net profit attributable to the Shareholders for the recent three financial years ended 31 March 2014 and negative cash flows from its existing operating activities for the latest two financial years ended 31 March 2014, with its cash and cash equivalents (excluding the balances which held by Dong Fang) of approximately HK\$14.6 million as at the Latest Practicable Date and total borrowings of approximately HK\$108.7 million as at 30 June 2014) as discussed in the paragraph headed “Financial information of the Group” above; (ii) the Company has various funding needs for its general working capital and business development as discussed in the paragraph headed “Reasons for the Rights Issue and the use of proceeds” above; (iii) the recent downward trend of the closing price of the Shares with relatively low trading volume of the Shares as discussed in the paragraph headed “Historical share price performance” and “Historical trading volume of the Shares” above; (iv) the Subscription Price was arrived at after arm’s length

LETTER FROM FULBRIGHT CAPITAL

negotiations between the Company and the Underwriter; (v) the discounts represented by the Subscription Price to the closing price of the Shares on the Last Trading Day and the theoretical ex-entitlement price falls within the LTD Market Range and the TERP Market Range, respectively; (vi) it is common for the listed issuers in Hong Kong to issue rights shares at a discount to the market price in order to enhance the attractiveness of a rights issue exercise; (vii) the Rights Issue is the most appropriate means to raise fund and is beneficial to the Independent Shareholders as a whole after considering that (a) all Qualifying Shareholders are offered an equal opportunity to participate in the Rights Issue and to take up their respective entitlements in full at the same price to maintain respective shareholding interests in the Company; (b) the Qualifying Shareholders who decide not to take up their assured entitlements under the Rights Issue are allowed to sell the nil-paid Rights Shares in the market for economic benefits; (c) the Group is able to raise funds without further increasing its debt liability and further worsen its interest burdens; and (d) the Company is able to strengthen its capital base and liquidity so as to reduce its gearing ratio, we are of the view that the Subscription Price is fair and reasonable so far as the Independent Shareholders are concerned and reasonable so far as the Independent Shareholders are concerned.

Application for excess Rights Shares

As set out in the Letter from the Board, Qualifying Shareholders may apply, by way of excess application, for any unsold entitlements of the Excluded Shareholders and for any Rights Shares provisionally allotted but not accepted by the Qualifying Shareholders.

Application for excess Rights Shares may be made by completing the EAF for application for excess Rights Shares and lodging the same with a separate remittance for the excess Rights Shares being applied for. The Board will allocate the excess Rights Shares being applied for at its discretion and on a fair and equitable basis on the following principles:

- (1) subject to the availability of excess Rights Shares, preference will be given to applications for topping-up odd-lot holdings to whole-lot holdings where it appears to the Directors that such applications are not made with the intention to abuse such mechanism; and

LETTER FROM FULBRIGHT CAPITAL

- (2) subject to the availability of excess Rights Shares after allocation under principle (1) above, the excess Rights Shares will be allocated to the Qualifying Shareholders based on a sliding scale with reference to the number of the excess Rights Shares applied for by them (i.e. the Qualifying Shareholders applying for a smaller number of Rights Shares will be allocated a higher percentage of the excess Rights Shares they have applied for; whereas the Qualifying Shareholders applying for a larger number of Rights Shares will be allocated a lower percentage of the excess Rights Shares they have applied for (although they will receive a greater number of Rights Shares than those applying for a smaller number)), and with board lot allocations to be made on a best effort basis.

We are not aware of the aforesaid allocation arrangement is unusual to other rights issue exercises conducted by the Comparables and consider such allocation arrangement is in line with normal market practice.

Risk associated with the Rights Issue

Independent Shareholders and potential investors should note that in the event that the Underwriter terminates the Underwriting Agreement, or the conditions of the Rights Issue are not fulfilled or waived (as applicable) on or before 4:00 p.m. on 19 September 2014 (or such other dates as the Company and the Underwriter may agree), the Rights Issue will not proceed. Any Shareholders or other persons dealing in the Shares prior to the date on which the conditions of the Rights Issue are fulfilled or waived (as applicable), and/or dealing in the Rights Shares in their nil-paid form during the period as aforesaid, will bear the risk that the Rights Issue may not become unconditional or may not proceed. Independent Shareholders and potential investors are advised to exercise caution when dealing in the Shares. If in any doubt, investors should consider obtaining professional advice on this.

3. The Underwriting Agreement and the underwriting arrangements

Underwriting Agreement

Pursuant to the Underwriting Agreement, the Underwriter has conditionally agreed to fully underwritten not less than 676,793,400 Rights Shares (assuming no issue of new Shares, no exercise of the Outstanding Options and the Existing Convertible Notes and no repurchase of Shares on or before Record Date) and not more than 954,707,034 Rights Shares (assuming no repurchase of Shares and the subscription or conversion rights attaching to the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date). Further details of the terms of the Underwriting Agreement are set out in the section headed “L. The Underwriting Agreement” in the Letter from the Board.

LETTER FROM FULBRIGHT CAPITAL

Pursuant to the Underwriting Agreement, the underwriting commission payable by the Company to the Underwriter is 2.50% of the aggregate Subscription Price in respect of the Underwritten Shares for which the Underwriter has agreed to subscribe (the “**Underwriting Commission**”).

As illustrated in the Table IV set out under the sub-section headed “Comparison with the recent rights issue exercises” above, the underwriting commissions of the Comparables ranged from nil to 3.50%, with an average of approximately 2.18%. The Underwriting Commission is within the range and close to the average of the underwriting commission of the Comparables, we consider that the Underwriting Commission is in line with the common market practice.

Save for the Underwriting Commission, we have also reviewed other major terms of the Underwriting Agreement, including but not limited to, the termination of the Underwriting Agreement and conditions of the Rights Issue (details of which are set out in the Letter from the Board) and we are not aware of any terms which are unusual. As such, we are of the view that the terms of the Underwriting Agreement are fair and reasonable and in the interests of the Company and the Independent Shareholders as a whole.

LETTER FROM FULBRIGHT CAPITAL

Notes:

1. Biochem Investments, holding 31,332,000 Shares as at the Latest Practicable Date, is a company wholly-owned by Dr. Cheung. Dr. Cheung has irrevocably undertaken to the Company and the Underwriter that (i) she will accept and will procure her nominees to accept all the Rights Shares to be provisionally allotted to her and her nominees pursuant to the Rights Issue in respect of the Shares held by her and her nominees as at the Record Date; (ii) she will not dispose of or transfer, or agree to dispose of or transfer, any Shares held by her and her wholly-owned Biochem Investments prior to the Record Date; (iii) she will not apply for any additional excess Rights Shares under the excess application arrangement under the Rights Issue; and (iv) she will not transfer the Subscription Convertible Notes to any third party and will not convert the Subscription Convertible Notes into Shares on or prior to the Record Date.
2. Mr. Cheung is an executive Director and also the elder brother of Dr. Cheung. Mr. Cheung is interested in 700,000 Shares and has undertaken to the Company and the Underwriter that (i) he will accept all the Rights Shares to be provisionally allotted to him pursuant to the Rights Issue in respect of the Shares held by him as at the Record Date; (ii) he will not dispose of or transfer, or agree to dispose of or transfer, any Shares held by him prior to the Record Date; (iii) he will not apply for any additional excess Rights Shares under the excess application arrangements under the Rights Issue; and (iv) he will not exercise any of the subscription rights attached to the Share Options granted by the Company to him from the date of the Underwriting Agreement to the Record Date.
3. Prime Pacific has given an irrevocable undertaking in favour of the Company and the Underwriter that it will not transfer or deal with the Prime Pacific Convertible Note and will not exercise the conversion rights attaching to the Prime Pacific Convertible Note from the date of the Underwriting Agreement to the close of business on the Record Date. As a result, only the Remaining Placing Convertible Notes are exercisable on or before the Record Date.
4. This scenario is for illustrative purpose only and will not occur. Pursuant to the Underwriting Agreement, in the event of the Underwriter being called upon to subscribe for or procure subscribers to subscribe for any Untaken Shares:
 - a. the Underwriter shall not subscribe, for its own account, for such number of the Untaken Shares which will result in the shareholding of it and parties acting in concert with it in the Company to exceed 19.9% of the voting rights of the Company upon completion of the Rights Issue and shall take such steps such that the Company can comply with its obligations under the GEM Listing Rules to maintain the public float of the Company; and
 - b. the Underwriter shall use its best endeavours to ensure that each of the subscribers of the Untaken Shares procured by it (i) shall be third parties independent of and not connected with the directors, chief executive or substantial shareholders of the Company or their subsidiaries or any of their respective close associates; (ii) is not parties acting in concert with the Underwriter or any connected persons (as defined in the GEM Listing Rules) of the Company or any of their respective close associates; and (iii) will not subscribe for the Untaken Shares to the extent that an obligation to make a mandatory general offer will arise under the Takeovers Code or that he/she/it will become substantial shareholders of the Company under the GEM Listing Rules as a result of such subscription.

The Company has been informed by the Underwriter that the Underwriter has already entered into sub-underwriting agreements with sub-underwriters to ensure the fulfilment of its obligations set out in paragraphs (a) and (b) above.

LETTER FROM FULBRIGHT CAPITAL

5. The Underwriter confirmed with the Company that, as at the Latest Practicable Date, it had sub-underwritten all of its underwriting obligations under the Underwriting Agreement to 14 sub-underwriters. Pursuant to the sub-underwriting agreements entered into between the Underwriter and the sub-underwriters, the sub-underwriters have agreed, in aggregate, to sub-underwrite a maximum of 954,707,034 Rights Shares representing approximately 81.48% of the maximum number of Rights Shares and approximately 61.11% of the total number of Shares in issue immediately after completion of the Rights Issue (assuming (i) no repurchase of Shares and (ii) the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date). In the shareholding tables above, the Untaken Shares are assumed to be taken up by the sub-underwriters at their maximum sub-underwriting commitment.

According to the Underwriter, the sub-underwriters were (a) not parties acting in concert with it in relation to the Company and (b) third parties independent of and not connected with the directors, chief executive or substantial shareholders of the Company or their subsidiaries or any of their respective close associates; save that one of the sub-underwriters (i.e. Kuk Po Shun, whose interest in the securities of the Company are set out in the section headed “Disclosure of interests by substantial shareholders” under Appendix III to this circular) had agreed to sub-underwrite 142,000,000 Rights Shares which together with the Shares fall to be issued upon exercise of the conversion rights attaching to the convertible notes of the Company held by him, will not exceed 9.9% of the Shares (upon completion of the Rights Issue and assuming (i) no repurchase of Shares and (ii) the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date), each of the other sub-underwriters had agreed to sub-underwrite less than 5% of the Shares (upon completion of the Rights Issue and assuming (i) no repurchase of Shares and (ii) the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date).

The Rights Issue offers all the Qualifying Shareholders an equal opportunity to participate in the enlargement of the capital base of the Company and enables the Qualifying Shareholders to maintain their proportionate interests in the Company and to participate in the future business development of the Company should they wish to do so.

For Qualifying Shareholders who take up their assured entitlements in full under the Rights Issue, they will be able to maintain their proportional shareholding interests in the Company after completion of the Rights Issue.

For Qualifying Shareholders who do not take up the Rights Shares to which they are entitled should note that their shareholdings in the Company will be diluted upon completion of the Rights Issue. In such case, the percentage of shareholding of other public shareholders will be reduced from approximately 75.72% to approximately 18.93% in case of no issue of new Shares, no exercise of the Outstanding Options and the Existing Convertible Notes and no repurchase of Shares on or before the Record Date as shown in Scenario I or from approximately 57.76% to approximately 14.44% in case of no repurchase of Shares and the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date) as shown in Scenario II.

LETTER FROM FULBRIGHT CAPITAL

Meanwhile, those Qualifying Shareholders who wish to increase their proportional shareholding interests in the Company through the Rights Issue may, subject to availability, (i) acquire additional nil-paid rights in the market; and (ii) apply for the excess Rights Shares as the Rights Issue allows for the excess application of the Rights Shares.

We are aware of the aforesaid potential dilution to the Independent Shareholders' proportional shareholding interests in the Company as discussed in Scenarios I and II, however, having taken into account that (i) the Independent Shareholders are offered an opportunity to attend and vote for or against the relevant resolution in relation to the Rights Issue and the Underwriting Agreement at the EGM; (ii) the Qualifying Shareholders can elect to accept the Rights Issue or not; (iii) the Qualifying Shareholders have the opportunities to sell their nil-paid rights to subscribe for the Rights Shares in the market for economic benefits; (iv) the Rights Issue offers the Qualifying Shareholders a chance to subscribe for their Rights Shares for the purpose of maintaining their respective pro-rata shareholding interests in the Company at a relatively deep discount as compared to the historical and prevailing market price of the Shares; and (v) those Qualifying Shareholders who take up their assured entitlements in full under the Rights Issue will be able to maintain their respective pro-rata shareholding interests in the Company after completion of the Rights Issue. Accordingly, we concur with the Directors that the potential dilution effect on the existing shareholding interests of the Independent Shareholders, which may only result when the Qualifying Shareholders do not subscribe for their pro-rata Rights Shares, to be acceptable.

6. Financial effects arising from the Rights Issue

Net tangible assets value

According to the unaudited pro forma financial information of the Group as set out in Appendix II to the Circular, the adjusted consolidated net tangible assets of the Group attributable to the Shareholders was approximately HK\$146.4 million as at 31 March 2014. Upon completion of the Rights Issue, the unaudited pro forma adjusted consolidated net tangible assets of the Group will be approximately HK\$230.7 million, representing an increase of approximately 57.6%, as resulted from the estimated net proceeds from the Rights Issue of approximately HK\$84,390,000 is calculated based on 893,857,500 Rights Shares to be issued at the subscription price of HK\$0.10 per share after deduction of estimated related expenses.

LETTER FROM FULBRIGHT CAPITAL

However, the Independent Shareholders should note that the total number of shares after the Rights Issue will be increased from 297,952,500 Shares to not less than 1,191,810,000 Shares (assuming no issue of new Shares, no exercise of the Outstanding Options and the Existing Convertible Notes and no repurchase of Shares on or before the Record Date) and not more than 1,562,361,512 Shares (assuming no repurchase of Shares and the Outstanding Options (other than the Share Options held by Mr. Cheung) and the Remaining Placing Convertible Notes are exercised in full on or before the Record Date).

Working Capital

With reference to the annual report of the Company for the year ended 31 March 2014 (the “AR2014”), the cash and cash equivalents of the Group as at 31 March 2014 was approximately HK\$99.6 million. Immediately after completion of the Rights Issue, the cash and cash equivalents of the Group will increase by not less than approximately HK\$84.39 million to not more than approximately HK\$111.68 million as a result of the estimated net proceeds from the Rights Issue. As such, the liquidity position of the Group will be improved.

Gearing ratio

According to the AR2014, the Group’s gearing ratio was approximately 22.7% as at 31 March 2014. Immediately upon completion of the Rights Issue, assuming the total borrowings of the Group would remain unchanged whereas the shareholders’ equity of the Group will increase by not less than approximately HK\$84.39 million to not more than approximately HK\$111.68 million. As such, the gearing ratio of the Group would be decreased and improved.

However, it should be noted that the aforementioned analyses are for illustrative purpose only and do not purport to represent how the financial position of the Group will be upon completion of the Rights Issue.

7. Recommendation

Having taken into account the above principal factors and reasons, in particular:

- (i) the Rights Issue would strengthen the capital base of the Company and enhance the financial position of the Group so as to prepare for the future business development of the Group and is the best financing alternative currently available to the Company as discussed in the paragraph headed “Reasons for the Rights Issue and the use of proceeds” under the section headed “1. Background of and reasons for the Rights Issue” above;

LETTER FROM FULBRIGHT CAPITAL

- (ii) the overall liquidity of the Shares was relatively low during the Review Period, the Subscription Price being set at a relatively substantial discount to the prevailing market prices of the Shares to attract the Qualifying Shareholders to reinvest in the Company through the Rights Issue as discussed in the paragraph headed “(i). Historical Share price performance” and “(ii). Historical trading volume of the Shares” under the section headed “2. Principal terms of the Rights Issue” above;
- (iii) the discounts as represented by the Subscription Price falls within the LTD Market Range and the TERP Market Range which are in line with the recent market trends and the Subscription Price is fair and reasonable so far as the Independent Shareholders are concerned as discussed in the paragraph headed “(iii). Comparison with the recent rights issue exercises” under the section headed “2. Principal terms of the Rights Issue” above;
- (iv) the potential dilution of the shareholding interests of the Qualifying Shareholders who do not subscribe for their pro-rata Rights Shares is acceptable as discussed in the section headed “4. Potential dilution on the shareholding interests of the Independent Shareholders” above; and
- (v) the overall favourable financial effects arising from the Rights Issue as discussed in the section headed “5. Financial effects arising from the Rights Issue” above,

we are of the view that (i) the terms of the Rights Issue (including the Underwriting Agreement) are on normal commercial terms and are fair and reasonable so far as the Independent Shareholders are concerned; and (ii) the Rights Issue is in the interests of the Company and the Independent Shareholders as a whole. Accordingly, we advise the Independent Board Committee to advise the Independent Shareholders to vote in favour of the ordinary resolution to be proposed at the EGM to approve the Rights Issue.

Independent Shareholders and potential investors should note that in the event that the Underwriter terminates the Underwriting Agreement, or the conditions of the Rights Issue are not fulfilled or waived (as applicable) on or before 4:00 p.m. on 19 September 2014 (or such other dates as the Company and the Underwriter may agree), the Rights Issue will not proceed. Any Shareholders or other persons dealing in the Shares prior to the date on which the conditions of the Rights Issue are fulfilled or waived (as applicable), and/or dealing in the Rights Shares in their

LETTER FROM FULBRIGHT CAPITAL

nil-paid form during the period as aforesaid, will bear the risk that the Rights Issue may not become unconditional or may not proceed. Independent Shareholders and potential investors are advised to exercise caution when dealing in the Shares. The Independent Shareholders and potential investors are recommended to consult their own professional advisers if they are in doubt.

Yours faithfully,
For and on behalf of
Fulbright Capital Limited

3. WORKING CAPITAL

4. MATERIAL ADVERSE CHANGE

As at the Latest Practicable Date, the Directors were not aware of any material adverse change in the financial or trading position of the Group since 31 March 2014, the date to which the latest published audited consolidated financial statements of the Group were made up.

5. PROSPECT OF THE GROUP

The Group records a satisfactory performance in the year ended 31 March 2014 (the “Year Under Review”). A turnover amounting to approximately HK\$1,362,916,000 was recorded, representing an increase of 19.4% from approximately HK\$1,141,662,000 of the previous year. The increase was mainly attributable to the remarkable growth in the distribution sales of our Shanghai Dong Fang Ri Hua Sales Co. Ltd. (“Dong Fang”). Turnover from Dong Fang increased by 23.1% to approximately HK\$1,241,842,000 during the Year Under Review (2013: approximately HK\$1,008,752,000). The management is confident that the revenues generated from the distribution business will continue to grow and bring along stable and sizeable revenue to the Group, as vast swathes of the Chinese population begin to have increasing disposable income to spend on high-end products. Heedless of an unfavorable environment in the industry in which it operates, the Group has successfully leveraged on its leading market position and broad-based clientele. Our beauty, slimming and spa centre in both Hong Kong and in the PRC deliver amiable performance during the Year Under Review. Turnover generated from all our beauty, slimming and spa centres amounted to approximately HK\$89,509,000 (2013: approximately HK\$96,681,000) comparable to last year, whereas the franchise cooperation business made a contribution of HK\$30,195,000 to the turnover of the Group (2013: HK\$34,986,000).

Gross profit amounted to approximately HK\$173,166,000 for the Year Under Review, compared to HK\$167,564,000 for the previous year. Profit attributable to owners of the Company was approximately HK\$3,221,000, compared to HK\$6,177,000 of last year. The decreases were mainly attributable to a receding performance of the beauty and slimming segment under a shift of business focus to high-end products and services with a lower margin but more rosy prospects, as well as a transient setback in Hong Kong market during the Year Under Review. Besides, the impact of negative factors included higher sales costs and appreciation of Renminbi. During the Year Under Review, administrative expenses amounted to HK\$85,223,000 (2013: approximately HK\$71,829,000), the sharp increase of staff costs and rental is the major reason of the increase of administrative expenses.

Looking back at 2013, the worldwide economy was deeply shaken by the fiscal cliff in the United States and the gradual exit of related subsidy policies in China. The much looked forward to recovery failed to show signs of optimism. But after years of disappointment, things are looking up in the advanced world and the global economy is expected to mildly pick up on a better outlook to stronger recent indicators and increased economic activities in the US and Eurozone. China, seeing its problems as

already past its worst, is expected to benefit from improved exports to the developed countries. In view of the possible economic growth, the Group will strive for stable growth in the coming year through a combination of cost control efforts and quality assurance measures for its services and products. Expansion initiatives will concentrate on the direction of diversification with the research and development of new treatments and products and development of e-commerce to cater to the needs of customers from different categories.

In China, consumers, manufacturers and regulatory authorities have been alarmed by the safety issues of beauty and slimming products and services recently. It is believed that the promulgation of various hygienic standards can help to regulate the behavior of beauty and slimming industry players and protect the rights of consumers. While this is going to exert a heavy blow on the lower-end institutions causing them to exit from the competition, it is expected that the resulted higher entry-barrier and elimination of sub-par operators will benefit the development of high-end participants such as the Group. Another imminent trend for the industry is the standardisation of technicians. In view of this, the Group is actively training its teams of talents to enhance the provision of consistent service level across different regions.

With the rapid growing population of internet users in China and the emergence of the country as the world's second-largest e-tail market, e-commerce is the inevitable direction of development for many industries, but only innovative business models that can facilitate the invincible position will have a prosperous future. Positioning as more than a replacement channel for purchases that otherwise would have taken place offline, our tripartite website BeautyU online platform serves three purposes at one stop: improving brand visibility for Sau San Tong, promoting entrepreneurial opportunities for potential partners of beauty and slimming service providers, and enhancing customer experience for our retail customers. We believe this unique e-commerce engine will catalyse a "leapfrog" move, spur incremental consumption in the new era of the digital economy.

The beauty and slimming industry has always been taken as one of the more traditional industries that thrives on the orthodox philosophy of providing attentive and high quality service to its customers. The emergence of the internet has, however, gradually upheaved this traditional industry in once again digging into the potential of the industry with the new model of thought it brings along to enhance the value of industry. In response to this, the Group continued to invest in the enhancement of its online business platform, implement the digitalised management system and promote online marketing of the Group's brand image

during the Year Under Review. The migration from the traditional operating model to the new digital age will be not short of obstacles from acknowledging to learning and from preparation to commencement. We will continue to strive our best and gear up ourselves to embrace the arrival of the imminent new era, with the aims of introducing new power and elements to the beauty industry.

Looking ahead into the future, the global macroeconomic environment will remain on the road of slow recovery riddled with uncertainties in 2014. In spite of this, the Group remains meticulously optimistic on the long-term future prospects. We will continue to closely monitor the economic environmental changes, sustain meticulous and stringent strategies for different facets of our business operation, and make appropriate deployment as needed. Paralleled to these, the Group will further consolidate its existing advantages in a proactive manner and prepare for improvements in the consumer market environment in the future.

6. FOREIGN EXCHANGE

The Group is not exposed to significant currency risk as most sales, income, purchases and expenses are denominated in the functional currency of the operations to which they relate. The Group currently does not have a foreign currency hedging policy in respect of foreign currency transactions, assets and liabilities. The Group monitors its foreign currency exposure closely and will consider hedging significant foreign currency exposure should the need arise.

2nd Floor, 625 King’s Road,
North Point, Hong Kong

TO THE BOARD OF DIRECTORS OF SAU SAN TONG HOLDINGS LIMITED

We have completed our assurance engagement to report on the compilation of pro forma financial information of Sau San Tong Holdings Limited (the “Company”) and its subsidiaries (together the “Group”) by the directors for illustrative purposes only. The pro forma financial information consists of the unaudited pro forma statement of adjusted consolidated net tangible assets of the Group as at 31 March 2014 as set out on pages 73 to 75 of the circular issued by the Company (the “Pro Forma Financial Information”). The applicable criteria on the basis of which the directors have compiled the Pro Forma Financial Information are described on pages 73 to 75 of the circular.

The Pro Forma Financial Information has been compiled by the directors to illustrate the impact of the proposed Rights Issue on the Group’s consolidated net tangible assets as at 31 March 2014 as if the proposed Rights Issue had taken place as at 31 March 2014. As part of this process, information about the Group’s financial position has been extracted by the directors from the Group’s consolidated financial statements for the year ended 31 March 2014, on which an audit report has been published.

Directors’ Responsibility for the Pro Forma Financial Information

The directors are responsible for compiling the Pro Forma Financial Information in accordance with paragraph 7.31 of the Rules Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited (the “GEM Listing Rules”) and with reference to Accounting Guideline (“AG”) 7, Preparation of Pro Forma Financial Information for Inclusion in Investment Circulars issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”).

Reporting Accountant's Responsibilities

Our responsibility is to express an opinion, as required by paragraph 7.31(7) of the GEM Listing Rules, on the Pro Forma Financial Information and to report our opinion to you. We do not accept any responsibility for any reports previously given by us on any financial information used in the compilation of the Pro Forma Financial Information beyond that owed to those to whom those reports were addressed by us at the dates of their issue.

We conducted our engagement in accordance with Hong Kong Standard on Assurance Engagements 3420, Assurance Engagements to Report on the Compilation of Pro Forma Financial Information Included in a Prospectus, issued by the HKICPA. This standard requires that the reporting accountant comply with ethical requirements and plan and perform procedures to obtain reasonable assurance about whether the directors have compiled the Pro Forma Financial Information in accordance with paragraph 7.31 of the GEM Listing Rules and with reference to AG 7 issued by the HKICPA.

For purposes of this engagement, we are not responsible for updating or reissuing any reports or opinions on any historical financial information used in compiling the Pro Forma Financial Information, nor have we, in the course of this engagement, performed an audit or review of the financial information used in compiling the Pro Forma Financial Information.

The purpose of Pro Forma Financial Information included in the circular is solely to illustrate the impact of a significant event or transaction on unadjusted financial information of the Group as if the event had occurred or the transaction had been undertaken at an earlier date selected for purposes of the illustration. Accordingly, we do not provide any assurance that the actual outcome of the event or transaction as at 31 March 2014 would have been as presented.

A reasonable assurance engagement to report on whether the Pro Forma Financial Information has been properly compiled on the basis of the applicable criteria involves performing procedures to assess whether the applicable criteria used by the directors in the compilation of the Pro Forma Financial Information provide a reasonable basis for presenting the significant effects directly attributable to the event or transaction, and to obtain sufficient appropriate evidence about whether:

- the related pro forma adjustments give appropriate effect to those criteria; and
- the Pro Forma Financial Information reflects the proper application of those adjustments to the unadjusted financial information.

The procedures selected depend on the reporting accountant's judgment, having regard to the reporting accountant's understanding of the nature of the Group, the event or transaction in respect of which the Pro Forma Financial Information has been compiled, and other relevant engagement circumstances.

The engagement also involves evaluating the overall presentation of the Pro Forma Financial Information.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion:

- (a) the Pro Forma Financial Information has been properly compiled on the basis stated;
- (b) such basis is consistent with the accounting policies of the Group; and
- (c) the adjustments are appropriate for the purposes of the Pro Forma Financial Information as disclosed pursuant to paragraph 7.31(1) of the GEM Listing Rules.

Notes:

1. Subject to the provisions of the Articles of Association of the Company, any member of the Company entitled to attend and vote at the EGM is entitled to appoint another person as his/her/its proxy to attend and vote instead of him/her/it. A member of the Company who is the holder of two or more Shares may appoint more than one proxy to represent him/her/it and vote on his/her/its behalf at the EGM. If more than one proxy is so appointed, the appointment shall specify the number of Shares in respect of which each such proxy is so appointed. A proxy need not be a member of the Company but must be present in person at the EGM to represent the member. On a poll, votes may be given either in person or by proxy. In addition, a proxy or proxies representing either a member of the Company who is an individual or a member of the Company which is a corporation shall be entitled to exercise the same powers on behalf of the member of the Company which he/she/it or they represent as such member of the Company could exercise.
2. Where there are joint holders of Shares, any one of such joint holders may vote at the EGM, either in person or by proxy, in respect of such Share as if he/she/it was solely entitled thereto, but if more than one of such joint holders are present at the EGM the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders, and for this purpose seniority shall be determined by the order in which the names stand in the register of members of the Company in respect of the joint holding.
3. The form of proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing or, if the appointor is a corporation, either under its seal or under the hand of an officer, attorney or other person authorised to sign the same. In the case of a form of proxy purporting to be signed on behalf of a corporation by an officer thereof it shall be assumed, unless the contrary appears, that such officer was duly authorised to sign such form of proxy on behalf of the corporation without further evidence of the facts.
4. A form of proxy for use at the EGM is enclosed with the circular of the Company dated 6 August 2014. Such form of proxy is also published on the GEM website at www.hkgem.com and the Company's website at www.sausantong.com. In order to be valid, the form of proxy must be duly completed and signed in accordance with the instructions printed thereon and return, together with the power of attorney or other authority (if any) under which it is signed, (or a copy which has been certified by a notary) to the Hong Kong branch share registrar and transfer office of the Company, Tricor Standard Limited at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong, as soon as possible but in any event not less than forty-eight (48) hours before the time appointed for holding the EGM or adjourned meeting at which the person named in the form proposes to vote.
5. Completion and return of the form of proxy shall not preclude a member of the Company from attending and voting in person at the EGM and in such event, the form of proxy shall be deemed to be revoked.
